### CAREER SUMMARY

---

As a BCA graduate and aspiring MERN stack developer, I am driven to excel in crafting dynamic web applications. Eager to contribute my skills in a dynamic development environment, I am actively seeking opportunities to make meaningful contributions and enhance my expertise in the MERN stack.

### SKILLS

---

- JavaScript
- React JS
- Node JS
- Express JS
- Mongo DB
- Rest APIs
- Redux
- HTML,CSS
- Bootstrap, Tailwind CSS
- Git, GitHub

### INTERNSHIP

---

#### MERN Stack Intern | Mentorow, Infopark, Kochi

- Proficient in MERN stack, with hands-on experience in MongoDB, Express.js, React, and Node.js, focusing on both front-end and back-end development.
- Implemented RESTful APIs to ensure smooth communication between front-end and back-end components, enhancing the overall functionality of the application.
- Expertise in database design and management using MongoDB, prioritizing data integrity and optimal performance. Additionally, implemented secure authentication and authorization features, utilizing JWT (JSON Web Tokens) and integrating refresh tokens for enhanced application security.

### INTERNSHIP PROJECTS

---

#### SettleDown :- Real estate application

- Developed a real estate application using the MERN stack (MongoDB, Express.js, React, Node.js).
- Integrated Firebase Authentication for secure user sign-in and Firebase Storage for efficient data management.
- Utilized Redux Toolkit for state management, ensuring seamless data flow within the application.
- Implemented JWT Token Authentication with a refresh token mechanism for enhanced security and user access control.

#### GlideBuy :- E-commerce Application

- Developed an advanced E-commerce Application using MERN Stack.
- Data Caching Optimization: Implementing data caching strategies for improved performance and reduced load times.
- Utilized advanced query parameters for enhanced data filtering and retrieval capabilities.

## NewsWave :- News App

- Developed a News App using the React.js, Bootstrap.
- Integrated News API for instant, personalized updates tailored to user preferences.

## CERTIFICATIONS

---

- Certification: Completed Web Technology course by the Department of Computer Applications, St. Thomas College, Pala, May 2022.
- Certificate: Completed JavaScript, Node.js, and Express backend web development bootcamp organized by Microsoft Learn Student Ambassador, June 2023.
- Certificate: Completed Frontend Web Development bootcamp with JavaScript and React.js, organized by AWS Community Builders, Dec 2023.
- Certification for completing a one-month internship in Python and Android Technologies from Soften Technologies, Cochin.
- Worked on and completed an academic project titled "Turf Application" under the guidance of Mr. Aghosh C S (Senior Developer) at Soften Technologies.

## EDUCATION

---

### Bachelor of Computer Applications | 2020-2023

ST Thomas College Palai

### Higher Secondary | 2018-2020

ST Mary's HSS Kuravilangad

### Matriculation | 2017-2018

Sree Krishna VHSS , Kurichithanam

## REFERENCE
